

## **Progressive Legal Solutions <sup>LLP</sup>**

We are a team of junior and senior lawyers, as well as dedicated administrative staff. We take pride in our work. We show we care about our clients by helping them navigate through life's changes and challenges. We offer a team atmosphere where there is opportunity to learn from lawyers with more experience, or for lawyers to share their experience with their colleagues.

We are looking for an associate lawyer who understands the advantages and challenges of the private practice of law. The successful candidate will take pride and ownership of their work and will have high standards of client service. You communicate effectively with your clients and your colleagues and are able to manage the needs and expectations of your clients. You are enthusiastic and have a willingness to learn. You practice well independently but enjoy being part of a close-knit team. You will also recognize the importance of self-care and resilience in life and in practice. We understand that maintaining personal wellness plays a crucial role in being a productive lawyer, an enthusiastic and effective service provider. An aptitude for litigation and the practice of family law is an asset.

Whether you have an established practice or are looking for a place to build your practice, Progressive Legal Solutions would like to hear from you.

Please e-mail your resume and cover letter to Kristen Fogg at [kfogg@osflaw.ca](mailto:kfogg@osflaw.ca) or to 501-386 Broadway.

We would like to thank all applicants however only those under consideration will be contacted.
